Blue *Water (D)* 2" x 9.5"

Brown *Shoreline (E)* 2" x 9.5"

Red *Canoe* 2" x 6"

Green *Tent Front* 3" x 3"

Dark Green *Tent Side* 2" x 3"

Antique White *Moon* 1" x 2"

Brown Yarn *Trim* 34"

instructions

1. To begin making your patterns from freezer paper, be sure to trace the design on the dull side of the freezer paper. The wax side is what you will need to stick to the wool. The freezer paper patterns can be used multiple times.
2. Cut out each freezer paper pattern completely.
3. Warm up your iron on the "wool" setting.
4. Place your freezer paper patterns (wax side down) on the corresponding wools.
5. Press the patterns to the wool with your iron and hold briefly to allow the freezer paper to stick.
6. Cut out the wool shapes & peel the freezer paper patterns from the wool.
7. Blanket Stitch the different background strips to each other beginning with the sky and working down.
8. Stitch the other pieces to the background.
9. Add embellishment stitches desired.
10. Press the finished piece on the wrong side with your steam iron on the "wool" setting.
11. Pin your finished piece to the center of the sawtooth backing and whip stitch into place.
12. Whip the yarn around the piece to cover the edges of the wooly and tie together when finished. Add a stitch here to keep the knot in place.

TIP: There are several stitches used on this project, including the Blanket Stitch, Outline Stitch, Whip Stitch, Star Stitch, & French Knot. There are a lot of useful books and internet sources for these stitches including my own books *Wool Appliqué Folk Art*, *Seasons of Wool Appliqué Folk Art* or *Exploring Folk Art With Wool Appliqué & More* published by C&T Publishing. The DMC floss comes in 6 strands, and you will need to separate out 2 strands at a time for stitching.
